2018 Town of Jupiter

Updated: 06/8/2018

A "registered vendor and service provider" means a business that has submitted the required paperwork and has been added to the Town of Jupiter Vendor and Service Provider List. Inclusion on this list does NOT imply any kind of endorsement by the Town of Jupiter nor does it guarantee in any way the quality of service they provide. Vendors are hired and contracted at the renters own risk. We recommend you always read the agreement you execute with any vendor or service provider. This Registered Vendor list is a separate registration from the Jupiter Business Tax Registration.

To become a Registered Vendor please visit the Town of Jupiter Facility Rentals webpage at: www.jupiter.fl.us/Facility-Rentals
