Lance Lieb is the grandson of Audrey Pennock Lieb and John Lieb who were once residents of Pennock Point in Jupiter. Lance advised that his father, Drayton Lieb, is one of three children who grew up in Jupiter with siblings Sandi and Lance. Many summers, holidays and long weekends were spent in Jupiter and Lance has fond memories of these visits.

Lance saw the photo on the website of the Jupiter High Schools first football team, and the year was undetermined. Lance showed his father, Drayton Lieb who is one of the football players photographed and was able to confirm with his father that the year this was taken was 1957.

Drayton Lieb was in the 9th grade at the time of the teams formation.

(Update was furnished through email)
